

Results for the 3 events are attached.

Long course and short course results are good as the courses were run as directed.

Medium course results reflect what individual runners did. In hindsight we should have placed a marshal at the end of the predator fence. The marshal was at the point further along the beach where you were to leave the beach.

Unfortunately, some early runners went against the flow of the direction arrows and left the beach at the predator fence. Naturally others followed.

Please accept our apologies.
